

ADARSH PRESSURE CALIBRATORS

AH SERIES

- ▶ Offering Complete Pressure Calibration Solutions
- ▶ Calibrators for Pressure Gauge Calibration upto 1000 bar & Vacuum Ranges
- ▶ Get rid of frequent maintenance
- ▶ Also available in Portable Type
- ▶ Digital & Analog Test Gauges available for all testers
- ▶ New AH3 Series Dual Tester with capacity to test both Low and High Ranges

MODEL: AH1 BENCH PRESSURE CALIBRATORS

Ideal for Lab Use

Ranges
1 to 150 kg/cm² / bar *
20 to 400 kg/cm² / bar *
50 to 700 kg/cm² / bar
50 to 1000 kg/cm² / bar

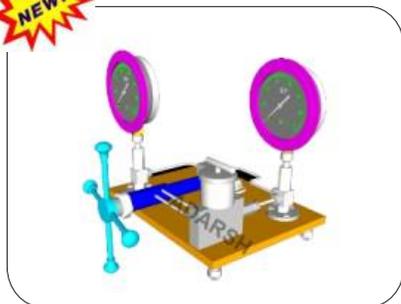

* Also available in Portable Type with Bakelite/Wooden Base Plate for on-site calibration

MODEL: AH2 BENCH VACCUM & COMPOUND CALIBRATORS

Ideal for Lab Use

Ranges
-0.95 to 7 kg/cm² / bar
-6000mmwc to +9000mmwc (-600mbar to +900mbar)
(Both models are pneumatic operated)

MODEL: AH3 DUAL PRESSURE CALIBRATOR FOR HIGH & LOW PRESSURE

FIRST TIME IN INDIA

No need to buy separate testers for different ranges. Adarsh has designed a single tester to calibrate/test gauges for ranges from 1 kg/cm² upto 1000 kg/cm².

Ranges:
1 to 700 kg/cm² / bar
1 to 1000 kg/cm² / bar

MODEL: AH4 MINI PORTABLE PRESSURE CALIBRATOR

IDEAL FOR ON-SITE CALIBRATION

The new mini portable pressure calibrator is a handy all in one tester suitable for calibration of gauges from pressure 20 kg/cm² upto 700 kg/cm². The pressure tester can be packed in a bag and taken for on-site calibration of gauges. The pressure tester is light in weight and working parts are made from stainless steel. Water or oil either can be used for tester operation.

Range:
20 to 700 kg/cm² / bar
(For other ranges please ask)

DIGITAL PRESSURE GAUGES

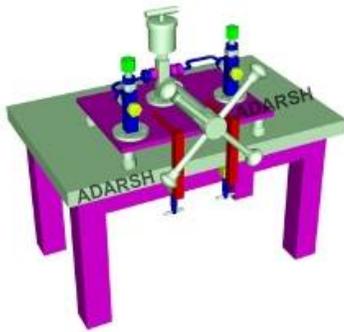

Ranges: -1 upto 700 bar

Selectable Units: kg/cm² / psi / bar / kpa ...

Also available for low pressure in mmwc/mbar/mmHg/inHg ranges

Accuracy: +/- 0.1% F.S.D. (0.075% and 0.05% Optional)

With NABL Lab Calibration Certificate

Demonstration of Bench Portable Calibrator AH1 series mounted on a table and briefcase

Optional Top Cover for Tester

- ▶ Low cost testers are also available with MS working parts
- ▶ Standard toolkit of spanners, adaptors etc is given with all tester
